## **Muppy vs. Rufus**

Sep 3 1/2 -- 8383444.933-34

### **Peter S**

Rufus always had the better design. That shaggy, dingy fur... that black nose... those beady eyes... or am I thinking of Muppy? No, it's definitely Rufus. Rufus wins, and anyone who says differently is a fool.

### **Daniel**

I can't believe we've spent 933 posts arguing the merits of Muppy and Rufus.

**Tex Richman**

There's oil under this forum. And I just bought it. I'm gonna tear this forum to the ground, and due to a clause in the contract Danny Horn signed in 2001, there's nothing the Tough Pigs can do about it unless they can raise 10 million dollars!

**Erik**

But what's your backstory? Your motivation is insufficiently established.

**George and Mildred** Nov-84 – 6416417.1-45

**Barack Obama**

Hey, can you guys check out my George and Mildred website and tell me what you think? It's mostly watercolor paintings and poetry. I really think those two have the potential to be one of the greatest love stories of all time.
